

PAYDENT[®]

Superior Dental Coverage

**Do you, your children or another family member need dental care or braces?
Would you like to have whiter teeth or a healthier smile?
Is dental care unaffordable and you don't have dental insurance?**

If so, meet **PayDent**, a new alternative to dental insurance that helps you to obtain—and afford—high-quality dental care for you and your family by offering great rates, a dedicated account to help build funds to pay for inevitable dental expenses and no insurance hassles.

What PayDent covers:

- Routine exams and checkups
- Fillings
- Crowns
- Root canals
- Oral surgery
- Braces
- Bridges
- Implants
- Preventive, specialty and preferred procedures
- Cosmetic procedures that insurance won't cover, like teeth whitening
- And more!

PayDent ensures:

- No annual limits.
- No up-front costs or annual fees.
- No surprise premium increases.
- No waiting periods.
- No lost unused benefits.
- No guessing if, or how much, insurance will pay for a procedure.

PayDent: Superior Dental Coverage in Every Way.

Here's how it works:

- Open a **PayDent** account for free.
- Make monthly or lump-sum deposits of your choosing to your **PayDent** account.
- When you have enough money in your **PayDent** account, schedule treatment.
- When treatment is complete, **PayDent** pays your dental care provider from your account at rates that are 15% less than the American Dental Association's national average.

It's that simple.

Types of dentists:

PayDent can be used with all types of participating dental care providers, including:

- General dentists
- Endodontists
- Oral and maxillofacial surgeons and radiologists
- Orthodontists
- Pediatric dentists
- Periodontists
- Prosthodontists
- And more!

With PayDent:

- You and your participating PayDent dental care provider decide on your treatment plan without a third party needing to approve your decisions.
- You build funds in a cash savings account that are used to pay for your dental care.
- You don't deal with insurance companies, so there are no dental care service limitations, no claim denials and no monthly insurance premiums.
- All dental procedures are covered.
- Your funds are never lost at the end of the year, as they often are with many health savings programs.
- You are never charged interest or lose monthly premiums.

In addition:

- Dental care providers are rated and screened.
- All dental care providers stand behind their treatments.
- Funds can be shared with a spouse, children or parents.
- Dental care becomes affordable for retirees on fixed incomes, since Medicare generally does not cover dentistry.
